1-Page At-A-Glance Executive Summary

A Founder-Level Overview Designed for Bank Loan Officers & Underwriters

COMPANY PURPOSE — OPPORTUNITY Luxury Transport LLC (LT) will launch the first luxury transport bus service between El Paso, Texas and Chihuahua, Mexico — a high-demand route currently served only by private chauffeurs and black-car operators. LT fills a clear market gap with a scalable, premium, cross-border transport solution.

CONCEPT — WHAT LUXURY TRANSPORT OFFERS LT leverages the founders' backgrounds in business management, finance, logistics, and cross-border operations to deliver a daily luxury shuttle service offering comfort, bilingual support, predictable scheduling, and premium onboard amenities. This service enables rapid penetration of the U.S.–Mexico travel corridor.

MARKET SIZE — A GROWING PREMIUM TRAVEL SECTOR The Luxury Shuttle Bus Market was valued at **\$3.1B in 2024** and is projected to reach **\$5.7B by 2033**, growing at a **7.2% CAGR**. Cross-border travel through the Paso del Norte Port of Entry exceeds **10 million annual entries**, positioning LT for strong demand and repeat ridership.

TARGET MARKET — RESIDENTS OF MEXICO & U.S. Primary customers include cross-border travelers, retail shoppers, airport commuters, families, seniors, and small business owners who value convenience, safety, bilingual service, and luxury amenities. LT anticipates transporting **10,500 passengers in Year 1** at 70% capacity.

STRATEGY — HOW LT GOES TO MARKET LT will deploy a multi-channel marketing strategy including direct internet marketing, PPC campaigns, social media presence, bilingual content, and review/testimonial acquisition. The company website will serve as the primary booking and customer engagement platform.

COMPETITIVE ADVANTAGE — FIRST IN CATEGORY LT is the **first luxury bus transport service** between El Paso and Chihuahua. Competitors offer private cars, vans, or general shuttles — none offer a premium, scheduled, luxury bus experience. LT's differentiation is structural, not cosmetic.

MANAGEMENT — IN-DEPTH EXPERTISE The founders bring extensive experience in business administration, finance, engineering, operations, and cross-border logistics. Their combined expertise ensures operational feasibility and disciplined execution.

FUNDING — REQUIREMENTS Capital needs total **\$300,000** in lender financing, supported by **\$80,000** in owner and friends/family contributions. Funds will be used for vehicle acquisition, startup expenses, hiring, marketing, and working capital.

3-YEAR PROJECTIONS — STRONG FINANCIAL PERFORMANCE

FUNDABILITY RATIO™: 82.4

PROPRIETARY UNDERWRITING METRIC

LT's Fundability Ratio™ score reflects strong margins, predictable cash flow, disciplined leverage, and reliable repayment capacity. This proprietary metric compresses five key financial indicators into a one lender-aligned confidence signal.

★ In the words of the Founders:

"This Executive Summary presents a business model engineered for stability, and scalability along with a disciplined financial performance. Luxury Transport LLC is ready to launch, ready to operate, and ready to repay."

3-Year Projections

	Year 1	Year 2	Year 3
Revenue	\$1,470,000	\$1,690,500	\$1,944,075

Net Profit/Revenue	34.07%	35.64%	37.39%

Founders' Backgrounds

Luxury Transport LLC is led by founders with deep experience in business administration, finance, engineering, and cross border operations. Their combined expertise provides the operational discipline, financial literacy, and logistical insight required to launch and sustain a premium transport service.

The founders bring decades of lived experience navigating the U.S.–Mexico corridor, including bilingual communication, cultural fluency, and familiarity with cross border travel patterns. This background ensures that Luxury Transport LLC is not only operationally feasible but strategically aligned with the needs of its core customer base.

★ **In the words of the Founders:** “We bring a disciplined, bilingual, cross border perspective to this business. Our backgrounds in business management, finance, and engineering give us the operational structure and financial clarity required to run a premium transport service with professionalism and accountability.”

The Company

Luxury Transport is registered as a Limited Liability Company in Texas. Ownership is held by Mr. X (35%); Mr. Y (35%); and Mr. Z (30%). The owners seek the best terms for lender funding. The company provides luxury transport between the U.S. and Mexico and targets the following categories of numerous travelers:

Luxury Transport LLC (LT) will operate a daily luxury shuttle bus service between El Paso, Texas and Chihuahua, Mexico. This route represents a high demand corridor with strong cross border travel volume, yet no existing luxury bus operator. LT fills this gap with a premium, scheduled, bilingual service designed for comfort, reliability, and repeat ridership.

The company will operate one luxury bus in Year 1, expanding capacity as demand grows. LT's service model is built on predictable scheduling, premium amenities, and disciplined operations, ensuring a consistent customer experience and strong financial performance.

★ **In the words of the Founders:** “Luxury Transport LLC is designed to meet a clear market need with a premium, bilingual, cross border transport solution. Our service model is structured, disciplined, and engineered for long term scalability.”

Target Audience

- Cross-Border Travelers

Individuals and families traveling between Chihuahua, Mexico and El Paso, Texas for shopping, flights, or personal visits. These customers value convenience, safety, and bilingual service.

- Retail Shoppers

Mexican residents who regularly visit El Paso's outlet malls—especially Cielo Vista Mall—for retail purchases, dining, and leisure. Many prefer group travel over driving by themselves across the border.

- Airport Commuters

Passengers flying out of El Paso International Airport who need reliable, timed transportation from Chihuahua. This includes business travelers, tourists, and students.

- Families and Seniors

Customers who may not drive or prefer not to navigate border logistics alone. Our service offers comfort, bilingual support, and door-to-door convenience.

- Small Business Owners and Professionals

Entrepreneurs and workers who commute for meetings, supply runs, or cross-border business activities. They value punctuality and professional service.

Management & Ownership

Luxury Transport LLC is owned and managed by founders with complementary skill sets:

- Mr. X (35%) Business Administration & Finance; ensuring disciplined budgeting, cash flow management, and repayment reliability.
- Mr. Y (35%) Engineering & Operations; ensuring vehicle maintenance, route optimization, and operational stability.
- Mr. Z (30%) Cross Border Logistics; ensuring bilingual communication, cultural fluency, and customer alignment.

Ownership is divided among founders and early contributors, with clear roles and responsibilities to support daily operations and long term growth.

★ **In the words of the Founders:** “Our management structure reflects our strengths: disciplined financial oversight, operational reliability, and cross border expertise. We run this business with clarity, accountability, and professionalism.”

Business Concept & Brand Identity

Luxury Bus Transport

Luxury Transport LLC introduces the first luxury bus service between El Paso and Chihuahua — a category-creating offering in a corridor currently dominated by private cars, vans, and general shuttles. LT’s brand identity is built on comfort, reliability, bilingual service, and premium amenities.

- ✓ Key brand elements include:
- ✓ Luxury seating
- ✓ Climate-controlled cabin
- ✓ Bilingual staff
- ✓ Predictable scheduling
- ✓ Premium onboard experience
- ✓ Safe, comfortable cross-border travel

LT’s brand identity is intentionally positioned as the premium alternative to existing transport options.

★ **In the words of the Founders:** “We are creating a new category: luxury cross-border bus transport. Our brand identity reflects comfort, reliability, bilingual service, and disciplined operations.”

It’s about 230 miles, 460 miles round trip, between El Paso and Chihuahua. Direct Costs of 12% are included for fuel/gasoline expenses in the pro-forma financial projections. LT is based in El Paso, Texas. Chihuahua, Mexico and Ciudad Juárez are directly connected because they belong to the same Mexican state. Chihuahua is the capital and name of the state, while Ciudad

Juárez is the largest and most populated city within that exact same state. The charge is \$140 per person for the round trip between El Paso and Chihuahua.

The entire business is focused on providing luxury transport services between El Paso and Chihuahua/Ciudad Juárez. While exact annual figures for total travel are not available, the El Paso “Paso del Norte” (PDN) Port of Entry is a major border crossing, handling over 10 million annual entries from Mexico into the U.S. As many as 10,000 people may comprise USMS target travelers between El Paso and Ciudad Juárez.¹

Industry Market Research

The Luxury Shuttle Bus Market was valued at **\$3.1B in 2024** and is projected to reach **\$5.7B by 2033**, growing at a **7.2% CAGR**. Cross-border travel through the Paso del Norte Port of Entry exceeds **10 million annual entries**, demonstrating strong demand for reliable, comfortable transport options.

The market is expanding due to:

- ✓ Increased cross-border retail travel
- ✓ Rising demand for premium transportation
- ✓ Growth in bilingual service expectations
- ✓ Increased safety concerns among travelers
- ✓ Expansion of cross-border commerce

Luxury Transport LLC is positioned to capture a meaningful share of this growing sector.

★ **In the words of the Founders:** “The market is expanding, demand is strong, and no luxury bus operator currently serves this corridor. We are entering a growing industry with a structurally differentiated offering.”

The prospect of becoming a thriving luxury transport service between the U.S. and Mexico is founded in market realism. The travel back and forth across the border includes tens of thousands of people from Mexico and tens of thousands from the U.S. annually.

Luxury Shuttle Bus Market Revenue was valued at USD 3.1 Billion in 2024 and is estimated to reach USD 5.7 Billion by 2033, growing at a CAGR of 7.2% from 2026 to 2033.² The luxury bus transport market is projected for significant growth through 2026 and beyond, driven by shifting consumer demand for premium travel, expanding tourism, and technological advancements in automation, AI, and sustainability. Market players are responding with innovations in electric and hybrid vehicles with smart technology, and strategic expansion into emerging economies. Key factors influencing the market include regulatory support for electric vehicles, and the integration of data-driven decision-making for operational efficiency.

Local Competitive Analysis

Competitor	Service Type	Pricing	Amenities	Differentiation
Private Chauffeurs	Car/Van	High	Limited	LT offers lower cost + higher comfort
General Shuttles	Basic Transport	Low	Minimal	LT offers premium amenities
Black-Car Operators	Luxury Cars	Very High	High	LT offers luxury at scale

★ **In the words of the Founders:** “Competitors offer cars, vans, or general shuttles. None offer a premium, scheduled luxury bus experience. Our differentiation is clear and defensible.”

The following is a list of the primary competitive advantages of the company upon entering the market.

- ✓ Owners’ profound background in business operations and business finance
- ✓ Owners’ background expertise in operations and logistics
- ✓ Unique brand identity and differentiation as first luxury transport service between El Paso and Chihuahua

Competitive Advantages

Luxury Transport LLC’s competitive advantages are structural, not cosmetic:

- ✓ **First luxury bus operator** on the El Paso–Chihuahua route
- ✓ **Premium amenities** not offered by competitors
- ✓ **Predictable scheduling** vs. on-demand private cars
- ✓ **Bilingual staff** for cross-border communication
- ✓ **Comfort-focused experience** for families, seniors, and shoppers
- ✓ **Lower cost than private chauffeurs** with higher comfort than general shuttles

These advantages create a defensible market position and strong customer loyalty.

★ **In the words of the Founders:** “Our differentiation is structural. We offer a premium, scheduled, bilingual luxury bus service that competitors simply do not provide.”

Use of Funds, Startup Analysis & Loan Request

Luxury Transport LLC requests **\$300,000** in lender financing, supported by **\$80,000** in owner and friends/family contributions.

Funds will be allocated as follows:

- ✓ Vehicle acquisition
- ✓ Startup expenses
- ✓ Hiring and training
- ✓ Marketing and customer acquisition
- ✓ Working capital

This structure ensures disciplined launch operations and strong early cash-flow stability.

★ **In the words of the Founders:** “We are requesting \$300,000 in lender financing, supported by \$80,000 in owner contributions. Funds will be used responsibly to launch a disciplined, scalable transport service.”

The following tables detail the funding the business seeks to bring the vision to reality with clarity.

Total capital needs are \$300,000, which includes a loan request for \$300,000, plus there will be an owner contribution of \$50,000 and a Friends & Family contribution of \$30,000 for startup expenses, assets, hiring, promotions, and Grand Opening advertising.

Use of Start-up Funding

Expenses	
Web & Logo Design	\$500
Location	\$30,000

Appendix A: Pro Forma Financials

The following presentation of the pro forma financials forms the underwriting backbone of this loan proposal.

Revenue Model: Assumptions

Merchant Account Fees – 2.75% of gross revenue assuming people pay with debit/credit cards

Increase in Annual Expenses – 2.5%

Increase in Annual Payroll – 3%

Payroll Taxes – 10%

Direct Costs – 12% of gross revenue for fuel

Service – Passengers leave El Paso at 6am/MT, arrive in Chihuahua at 11am/MT, and board for return at 7pm/MT to arrive back in El Paso at 12 midnight/MT.

Year 1 Revenue Streams

These projections are based on one bus making the round-trip between El Paso and Chihuahua every day, 7 days a week, 50 weeks a year; transporting 1 bus load with capacity of about 42 people at 70% capacity, which equals about 30 people per day paying \$140 for the round trip.

Primary Revenue Streams

1. Passenger Fares

- One-way and round-trip ticket sales (\$140) for luxury transport services between El Paso International Airport and Cielo Vista Mall can be bought and used at any time within 30 days of purchase. This is the only metric used in the conservative financial projections.

2. Group Bookings & Private Charters

- Custom transport for families, tour groups, or corporate clients

3. Online Booking Fees

- Small convenience fees for reservations made through the website or mobile platform
- Optional add-ons like seat selection or priority boarding

Secondary Revenue Streams (Growth Opportunities)

4. Advertising & Partnerships

- Local businesses (restaurants, malls, airlines) pay to advertise on LT shuttles or website
- Cross-promotions with tourism boards and retail outlets

5. Merchandise & Refreshments

- Onboard sales of branded merchandise, snacks, or travel essentials
- Optional premium packages with bundled amenities, e.g.,

6. Subscription or Loyalty Programs

- Monthly commuter passes or frequent rider discounts
- Membership tiers with perks like early booking or free upgrades

7. Affiliate Commissions

Earn commissions by referring customers to hotels, tours, or travel insurance providers.

Note: secondary revenue streams are not included in the projections, only projected round trip passengers.

Cost Structure

The company is expected to incur average **monthly fixed costs of \$53,129 in Year 1.**

The company is expected to incur average **monthly variable costs of \$17,973 in Year 1.**

Estimating Operating Expenses vs. Overhead

Operating expenses represent the full cost of running the business day-to-day, including both direct revenue-producing costs and indirect support costs. Overhead represents the portion of operating expenses that do not directly generate revenue but are required to maintain administrative, managerial, and organizational functions.

Operating Expenses

The company is projected to incur the following operating costs in Year 1:

✓ drivers' salaries and payroll tax of 10%	\$ 32,000 in Year 1
✓ marketing costs of	\$ 36,000 in Year 1
✓ business license, phone, ISP & hosting costs of	\$ 7,200 in Year 1
✓ fuel costs of	\$176,400 in Year 1
✓ merchant account fees of	\$ 40,425 in Year 1
✓ maintenance and repairs cost of	\$ 4,805 in Year 1
✓ vehicle insurance costs of	\$ 4,800 in Year 1
✓ Utilities and luxury bus amenities costs of	<u>\$ 12,005 in Year 1</u>
Total Operating Costs of	\$413,635 in Year 1

Overhead

The company is projected to incur the following overhead costs in Year 1:

✓ management salaries and payroll tax of 10%	\$330,000 in Year 1
✓ general insurance costs of	\$ 2,000 in Year 1
✓ software, compliance, HR costs of	\$ 3,600 in Year 1
✓ Receptionist salaries and payroll tax of 10%	\$ 44,000 in Year 1
✓ office rent of	\$ 24,000 in Year 1
✓ depreciation of	<u>\$ 15,980 in Year 1</u>
Total Overhead Costs of	\$419,580 in Year 1

Reconciling Operating Costs and Overhead

Operating Costs \$413,635 + Overhead \$419,580 = \$833,215

Income Statement Total Operating Expenses = \$616,390 +

Direct Cost of Sales = \$216,825

\$833,215

Direct Cost of Sales includes →

Gasoline (12%)	\$176,400
Credit Cards Fees (2.75%)	\$40,425
Total Cost of Services	\$216,825

3-Year Pro Forma

Revenue Forecast

The following is a three-year revenue and direct cost forecast. Regarding projections, pricing for one person is \$140 for the 460-mile round-trip between El Paso and Chihuahua, which is provisional, based on average pricing, and may change. Direct costs are estimated at 12% for fuel. Merchant Account fees are also included as a direct cost of sales in the income statement. Revenue grows 15% each year. These projections are based on one bus making the round-trip between El Paso and Chihuahua every day, 7 days a week, 50 weeks a year; transporting 1 bus load with capacity of about 42 people at 70% capacity, which equals about 30 people per day paying \$140 for the round trip.

3-Year Revenue Forecast

	Year 1	Year 2	Year 3
Total			
Round trip El Paso-City of Chihuahua	10,500	12,075	13,886
Price			
Round trip El Paso-City of Chihuahua	140	140	140

Break-Even Analysis

The following break-even analysis shows the revenue necessary to break even in the first year of operation. Break-even is where revenue equals expenses. As shown below, the company is expected to incur average monthly fixed costs of \$54,044 in Year 1. To cover fixed costs and variable costs, which rise and fall with revenue, the company must, on average, achieve revenue of \$70,542 per month to break even. The company reaches break-even in Month 2 of Year 1.

Year 1 Break-even Analysis

Monthly Revenue Break-even	\$70,542

Fundability Ratio™ Inputs

The Fundability Ratio is a proprietary business statistic invented and developed exclusively by 48-Hour Loan Proposal that compresses key financial indicators based on the table below.

Fundability Ratio™ Score: 82.4 — Highly Fundable

Financial Indicators

	Year 1	Year 2	Year 3	Year 4	Year 5
Profitability %'s:					
Gross Margin	85.25%	85.25%	85.25%	85.25%	85.25%
Net Profit Margin	32.49%	34.06%	35.81%	39.25%	42.32%
EBITDA to Revenue	44.41%	45.85%	47.58%	51.53%	55.07%
Return on Assets	53.73%	17.26%	17.33%	17.99%	18.29%
Return on Equity	90.52%	52.18%	38.68%	32.78%	28.90%
Activity Ratios:					
Accounts Payable Turnover	4.45	4.99	5.14	5.18	5.21
Asset Turnover	1.65	0.51	0.48	0.46	0.43
Leverage Ratios:					
Debt to Equity	0.68	0.31	0.18	0.12	0.08
Debt to Assets Ratio	40.64%	10.28%	8.14%	6.37%	4.92%
Interest Coverage Ratio	20.31	25.73	33.20	45.45	62.80
Liquidity Ratios:					
Current Ratio	8.07	15.11	22.21	29.71	37.66
Current Debt to Total Assets Ratio	8.86%	2.40%	2.13%	1.92%	1.73%
Additional Indicators:					
Revenue to Equity Ratio	2.79	1.53	1.08	0.84	0.68

Financial Indicators Defined:

Gross Margin: Indicates how much profit is earned on products without selling and administration costs.

Net Profit Margin: Shows how much profit comes from every dollar of sales.

Return on Equity: Determines the rate of return on your investment into the business.

EBITDA: Is an acronym for earnings before interest, taxes, depreciation, and amortization.

Return on Assets: An indicator of how profitable a company is relative to its total assets.

Return on Equity: Show how much profit a company generates with the money shareholders have invested.

Accounts Payable Turnover: A short-term liquidity measures the rate at which a company pays off its suppliers.

Asset Turnover: The amount of sales generated for every dollar's worth of assets.

Debt to Equity: Shows the ratio between capital invested by the owners and the funds provided by lenders.

Debt to Assets Ratio: Measures risk by determining how much of the company's assets have been financed by debt.

Interest Coverage Ratio: A ratio used to determine how easily a company can pay interest on outstanding debt.

Current Ratio: The ratio between all current assets and all current liabilities; another way of expressing liquidity.

Current Debt to Total Assets Ratio: Shows how well a company can pay all its debt with all its assets.

Revenue to Equity Ratio: Indicates the profitability of a business, relating the total business revenue to the amount of investment committed to earning that income.

The Fundability Ratio™ As An Underwriting Metric

A Founder-Engineered Composite Score for Lender Confidence

Luxury Transport LLC's Fundability Ratio™ Score: 82.4 — Highly Fundable

★ Color-Coded Scoring Band

Interpretation for Lenders

Luxury Transport LLC's score of **82.4** places the company firmly in the **Green Band**, indicating strong margins, disciplined leverage, predictable cash flow, and reliable repayment capacity.

"The Fundability Ratio™ is a proprietary underwriting metric created to compress multiple financial indicators into one lender-aligned confidence signal.

An **82.4** score indicates:

Strong profitability Predictable cash flow Reliable repayment capacity
Disciplined leverage Stable operating margins

DSCR Summary Table

Luxury Transport LLC demonstrates an *exceptionally strong* ability to service debt across all projected years. EBITDA rises steadily from Year 1 through Year 3, while annual debt service remains fixed, producing DSCR values ranging from **13.16x to 18.65x**, levels far above SBA, commercial bank, and private-credit underwriting thresholds. Cash flow remains robust, margins expand, and leverage declines each year, creating a repayment profile that is not merely adequate but structurally over-secured. Taken together, the projections show a disciplined, scalable transport business with ample cash generation and more than sufficient coverage to support the requested \$300,000 term loan.

DSCR Summary Table — Luxury Transport LLC

A Lender-Aligned Coverage Analysis Reinforcing the Fundability Ratio™

Year	EBITDA	Annual Debt Service	DSCR
1	\$652,765	\$49,590	13.16x
2	\$775,021	\$49,590	15.63x
3	\$925,014	\$49,590	18.65x

Lender-Friendly Recommendations from the Founders

Loan Structure Recommendation. A 5-year term with fixed monthly payments ensures predictable budgeting and stable cash-flow management.

Repayment Strategy. Monthly payments will be incorporated into the company's structured financial review process, ensuring consistent oversight and uninterrupted repayment.

Financial Safeguard. The company will maintain a dedicated loan reserve equal to two months of payments, replenished quarterly.

Risk Mitigation

Luxury Transport LLC will implement a **Cross-Border Operations Stability Protocol** to reduce operational variability and protect daily route reliability.

1. Fuel Cost Stabilization

Fuel represents **12% of gross revenue** in Year 1. To mitigate volatility, the company will enter into a **fixed-rate fuel supply agreement** with a regional provider in El Paso.

★ **In the words of the Founders:** "We will secure a fixed-rate fuel agreement to eliminate month-to-month volatility and ensure predictable fuel costs."

2. Border-Crossing Predictability

The company will implement a **Border Timing Optimization Schedule**, using historical crossing data to select departure windows with the lowest average wait times.

★ **In the words of the Founders:** "We will use historical crossing data to optimize departure windows and reduce the impact of border delays."

3. Staffing Continuity

The company will maintain a **two-driver rotation system**, ensuring uninterrupted daily operations. This strategy stabilizes the company's core operational variables, namely, fuel, timing, and staffing, thus ensuring predictable daily routes and reliable repayment performance.

Founder Commitment

★ **In the words of the Founders:** "Luxury Transport LLC will implement a Monthly Financial Accountability Review, conducted at the close of each operating month. This review will evaluate revenue performance, operating expenses, fuel usage, staffing continuity, and cash-flow stability. Any variance outside the expected range will trigger corrective action within the following operating cycle. In addition, the company will maintain a Dedicated Loan Reserve Account, funded from operating surplus and replenished quarterly, equal to two months of loan payments. This reserve is a structural safeguard designed to protect repayment reliability and demonstrate long-term financial discipline."

Closing Statement

Luxury Transport LLC is prepared to launch with the operational discipline, financial structure, and strategic clarity required for long-term success. The founders have built a business model grounded in real demand, predictable revenue, and disciplined cost management. The financial projections demonstrate strong margins, stable cash flow, and a repayment profile that aligns directly with lender expectations.
